[www.eurovent.me](http://www.eurovent.me)

**IMPORTANT NOTE**

Participation limited to 60 persons. Tickets will be issued on a first-come first-serve basis.

The non-commercial, free-of-charge seminars are spread across multiple workshops. In the Commercial Refrigeration workshop, Eurovent Middle East is going to focus on:

- International regulatory developments in commercial refrigeration and their potential for the Middle East
- Influence of cooler units in preventing Moisture and Aroma loss in open-shelf products in cold storages
- Natural refrigerant systems in warm climates: existing solutions, case studies and future developments for the Middle East
- Benefits of Air Curtains in Cold Storage applications
- The 'Eurovent Certified Performance' programme for Refrigerated Display Cabinets

After the individual topics, participants are invited to discuss several core issues of relevance to the Commercial Refrigeration sector.

Register now and become part of the 'HVACR Consultant Leadership Workshop: Commercial Refrigeration'. Join us at LeMeridien Dubai Hotel & Conference Centre on 30 October 2017 as of 18:00h and meet colleagues and industry leaders for an informative evening with plenty of networking opportunities.

## ORGANISER

**Eurovent Middle East is the representative of Eurovent members based in and/or active in the Middle East region and a subdivision of Europe's leading HVACR sector association Eurovent.**

Its participants constitute leading manufacturers of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation Technologies, as well as sector associations and national industry initiatives active in this field. By thinking 'Beyond HVACR', contributing organisations fulfil highest requirements in terms of product quality and sustainability.

They are united in their aim to work towards a lower energy demand, an improved food safety, and a better indoor air quality in the Middle East. Together, they employ thousands of people locally, supporting a more diversified economy throughout countries in the region.
