# EVAPORATIVE COOLING TECHNOLOGIES: HOW TO SAVE RESOURCES BY GOING EVAPORATIVE

'HVACR Leadership Workshops' is a new seminar series by Eurovent Middle East, tailor-made for engineering and MEP consultants, investors and planners in the UAE, with the core aim of informing them about standards and industry recommendations in the field of ventilation, air conditioning, and refrigeration.

**28 NOVEMBER 2017**

/14:00 – 18:00/

**THE BIG 5 DUBAI**

**DUBAI WORLD TRADE CENTRE  
ZA'ABEEL HALL 4**

## REGISTRATION

Register free-of-charge at

[www.eurovent.me](http://www.eurovent.me)

In this workshop, leading experts in the field of Evaporative Cooling are going to shed light on how to save resources by going evaporative:

- Principles of state-of-the-art evaporative cooling and the latest EN, ISO, CTI and Eurovent standards in this field
- Combining evaporative cooling and water-cooled chiller system
- How to rightly maintain cooling towers
- The ECP (Eurovent Certified Performance) and CTI (Cooling Technology Institute) certification programme for cooling towers

After the individual topics, participants are invited to discuss several core issues, including:

- Heat transfer vs. fan efficiency
- Cooling tower requirements in the GCC region
- Application areas and types

Register now and become part of the 'HVACR Consultant Leadership Workshop: Evaporative Cooling Technologies'. Join us at The Big 5 Dubai on 28 November 2017 as of 14:00h in Za'abeel Hall 4, and meet colleagues and industry leaders for an informative afternoon with plenty of networking opportunities.

## AGENDA (TENTATIVE)

TIME	TOPIC	SPEAKER/MODERATOR
14:00-14:40	<b>Introduction to the principles of state-of-the-art evaporative cooling and the latest EN, ISO, CTI and Eurovent standards in this field</b>	<b>Jelle Wagelmans</b> Sales Manager Middle East Evapco Europe (Belgium)
14:40-15:10	<b>Case study: Combining evaporative cooling and water-cooled chiller system</b>	<b>Rafael Van Eijcken</b> Regional Manager Baltimore Aircoil Gulf (UAE)
15:10-16:30	Prayer break	
16:30-17:00	<b>Trouble-free HVAC cooling towers - A Maintenance Guide</b>	<b>Stephen Andrew</b> Service Operations Manager SPX Cooling Technologies (UK)
17:00-17:30	<b>In-depth introduction to the 'Eurovent Certified Performance' programme for cooling towers</b>	<b>Eric Foucherot</b> Director International Affairs Eurovent Certita Certification (France)
17:30-18:00	<b>Feedback session and discussion</b>	<b>Markus Lattner</b> Director Eurovent Middle East (UAE)

## ORGANISER

Eurovent Middle East is the representative of Eurovent members based in and/or active in the Middle East region and a subdivision of Europe's leading HVACR sector association Eurovent.

Its participants constitute leading manufacturers of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, and Industrial Ventilation Technologies, as well as sector associations and national industry initiatives active in this field. By thinking 'Beyond HVACR', contributing organisations fulfil highest requirements in terms of product quality and sustainability.

They are united in their aim to work towards a lower energy demand, an improved food safety, and a better indoor air quality in the Middle East. Together, they employ thousands of people locally, supporting a more diversified economy throughout countries in the region.
