

EUROVENT MIDDLE EAST EXPERT'S MEET & GREET

ENERGY EFFICIENT INDOOR AIR QUALITY

EVENT OUTLINE

Eurovent Middle East invites you to an expert's meet and greet on energy efficient Indoor Air Quality solutions. Aside from industry recommendations for minimum requirements for Air Handling Units (AHUs), participants will also hear on latest standards and certification programmes for AHUs and Air Filters for hot and humid climates, as well as specific requirements to provide a safe indoor environment for operating theatres and hospitals.

EXPERT PRESENTATIONS

- Eurovent Recommendation 6/18: Minimum requirements for Air Handling Units
- Eurovent Recommendation 4/23: Selection of Air Filters for general ventilation
- Selecting the best possible products: Eurovent Certified Performance for Air Handling Units and Air Filters
- Critical environments: ensuring high Indoor Air Quality in hospitals and operating theatres

REGISTRATION

Participation is free of charge. Due to space limitations, we kindly ask you to only register if you know that you will take part in this event and cancel your registration should you not be able to attend. This way we can make sure to allow as many people to the event as possible.

ABOUT EUROVENT MIDDLE EAST

Eurovent Middle East is the region's Industry Association for Energy Efficiency, Indoor Air Quality and Cold Chain Solutions. Its participants constitute leading manufacturers, consultants and service providers of Indoor Climate (HVAC), Process Cooling, Food Cold Chain, Industrial Ventilation, and Building Automation Technologies, as well as sector associations and industry initiatives active in Eurovent Middle East. By thinking 'Beyond HVACR', contributing manufacturers fulfil highest requirements in terms of product quality and sustainability. They are united in their aim to work towards a lower energy demand, an improved food safety, and a better indoor air quality in the Middle East. Together, they employ thousands of people locally, supporting a more diversified economy throughout countries in the region.
